Dear Tom:

This letter is a follow-up on my 15 March letter forwarding one of the five publications and studies which you requested in your letter of March 8, 1978.

Of the remaining four items requested, it is my understanding that you and [] agreed that Mr. Dick Giza, of your staff, would review the following two documents in [] offices:

[] Interagency Study on Monitoring
SALT II

I am forwarding [] letter and "Handbook for the National SIGINT Requirements System" by way of response to your request for the SIGINT Requirements List. You will note that John has invited Dick to receive a briefing on how SIGINT requirements are processed and data is retrieved from the system. Please have Dick contact my office to arrange this briefing.

The single outstanding item from your March 8 letter is the "National Tasking Plan for the Exploitation of Multi-Sensor Imagery." This plan was a joint document signed by both the DCI and the Deputy Secretary of Defense in 1967. Hopefully, we will soon have DOD's concurrence in the release of this document and I expect to be able to respond to this request shortly.

Sincerely,

[]
Acting Legislative Counsel
